MEMORANDUM FOR ASSISTANT TO THE PRESIDENT FOR NATIONAL SECURITY AFFAIRS

SUBJECT: The Soviet Camouflage Net Over an SS-9 Silo Being Converted
at the Tyuratam Test Range

I believe that Secretary Vance should immediately notify Foreign Minister Gromyko in writing that this is a serious matter which requires that the Soviets take immediate action to remove the net. This notification should indicate that this issue is important in an Interim Agreement compliance context as well as in a SALT TWO negotiations context. In addition, the US Commissioner to the Standing Consultative Commission should notify his Soviet counterpart that the US is raising this matter as an Interim Agreement compliance issue.

The Joint Chiefs of Staff views on this issue (and on the Minuteman shelters issue which has now been resolved) are attached.
